

# LAX Midfield Satellite Concourse North

Los Angeles World Airports

**Owner:** Los Angeles World Airports

**Architect: DB Team:** Turner / PCL / gkkworks

**Client / Architect:** Corgan / Gensler

Saiful Bouquet is providing structural services for the LAX Midfield Satellite Concourse project in association with Buehler & Buehler Structural Engineers, Inc. The Design-Build five-level concourse includes a new passenger concourse facility. SBI will be the SEOR for the project. The current overall project has a budget of an estimated \$800M excluding future phases. The new Midfield Satellite Concourse structure, located west of the newly expanded Tom Bradley International Terminal, will serve international flights and will connect to the main Tom Bradley building via underground tunnels and bus service.

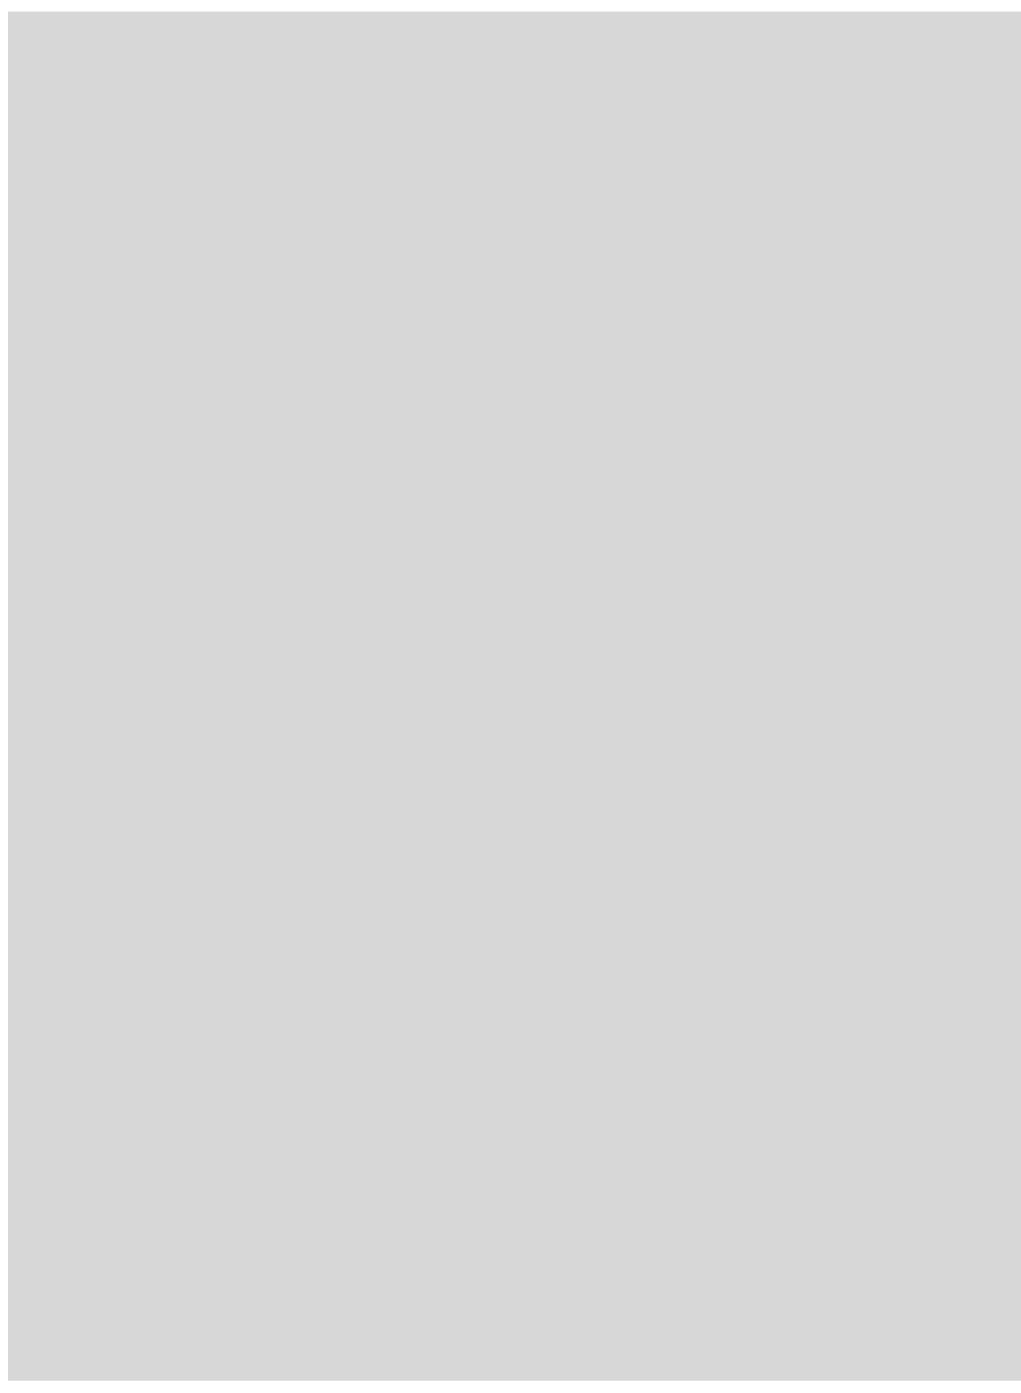

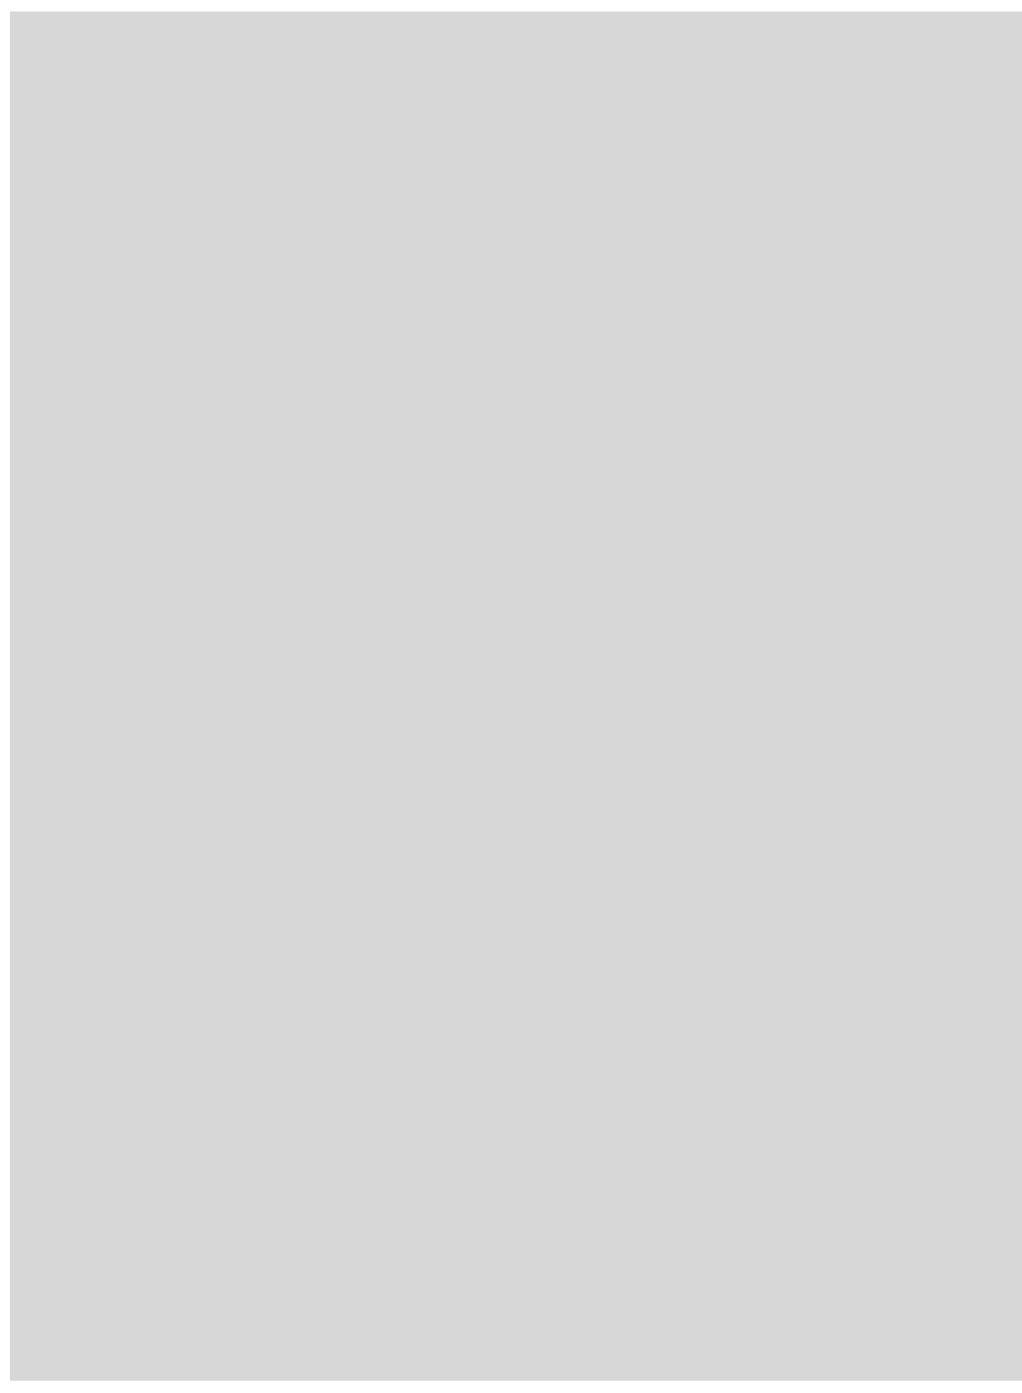

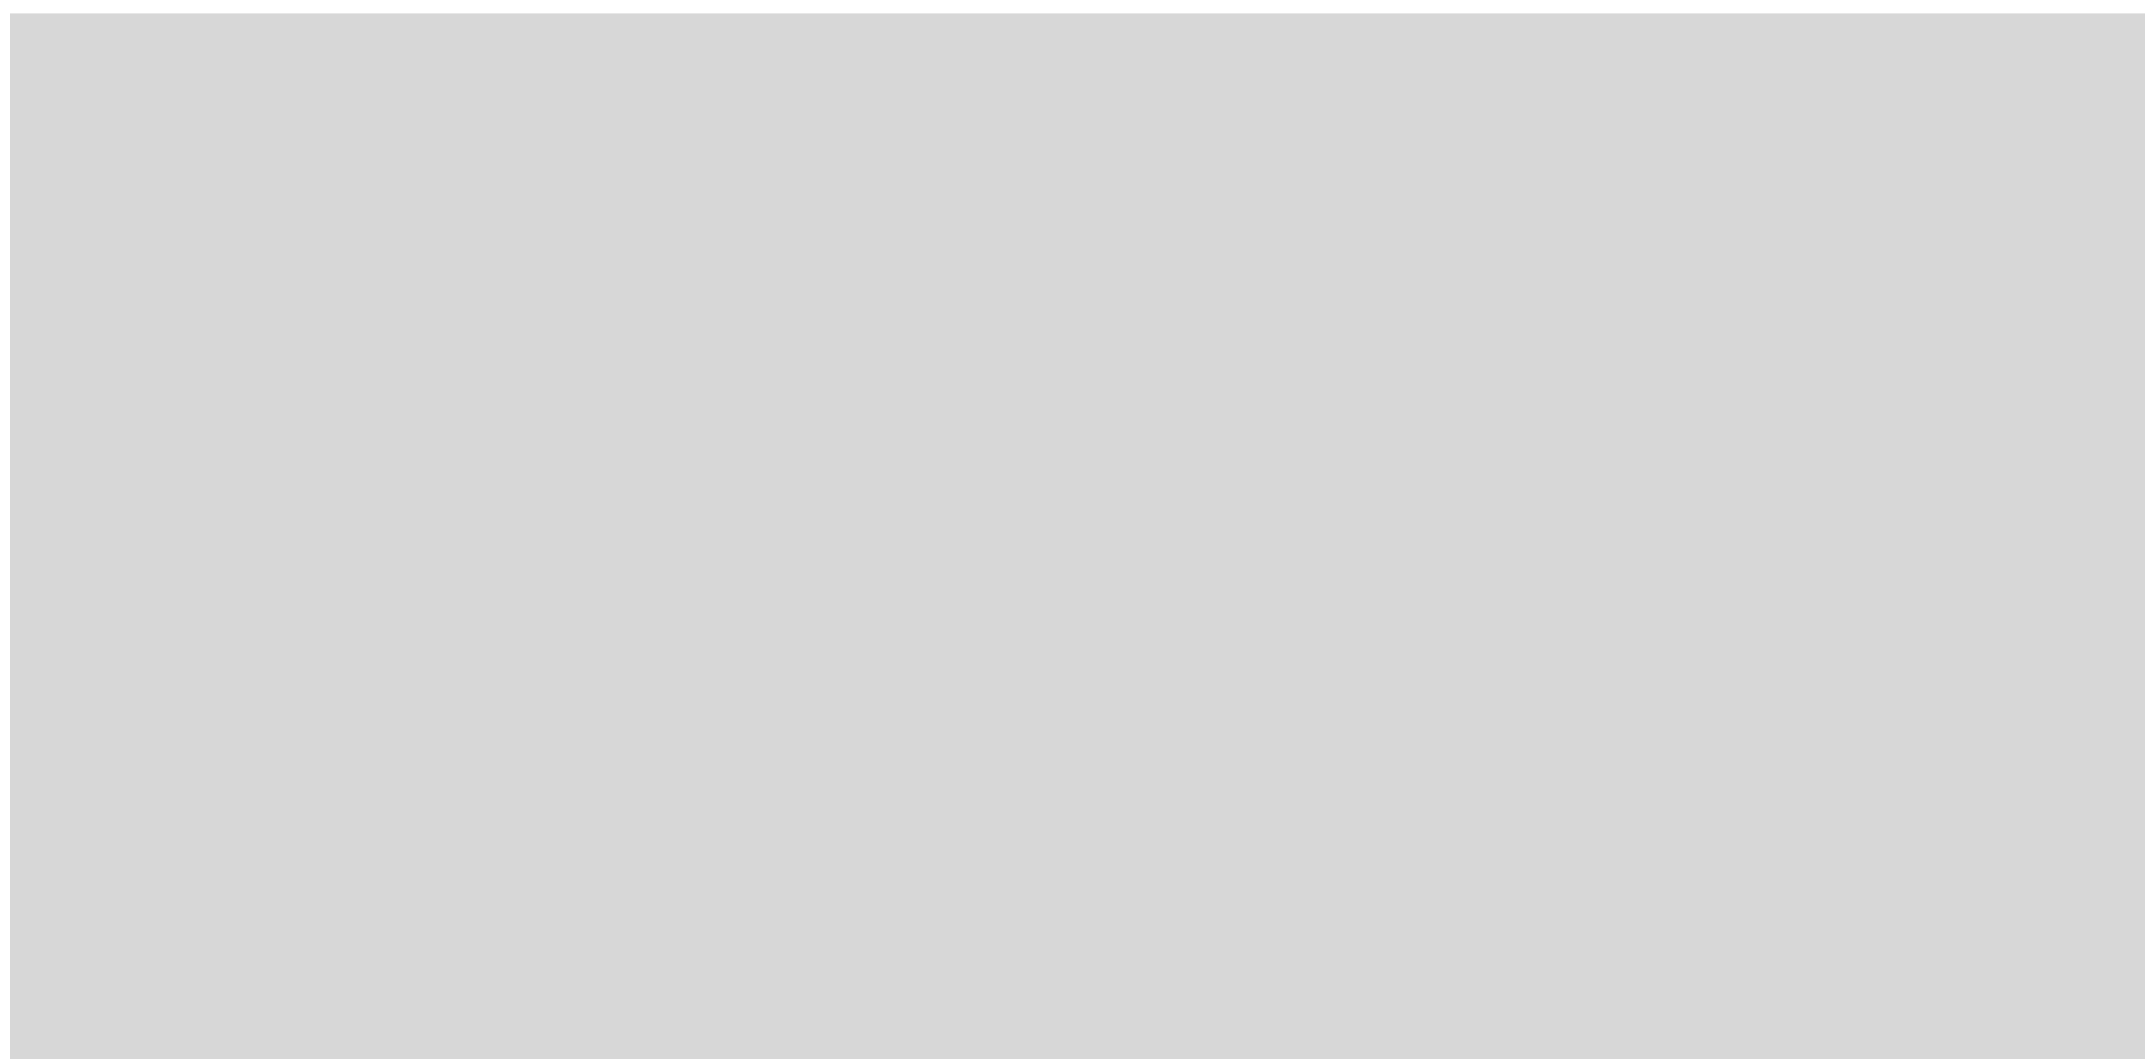

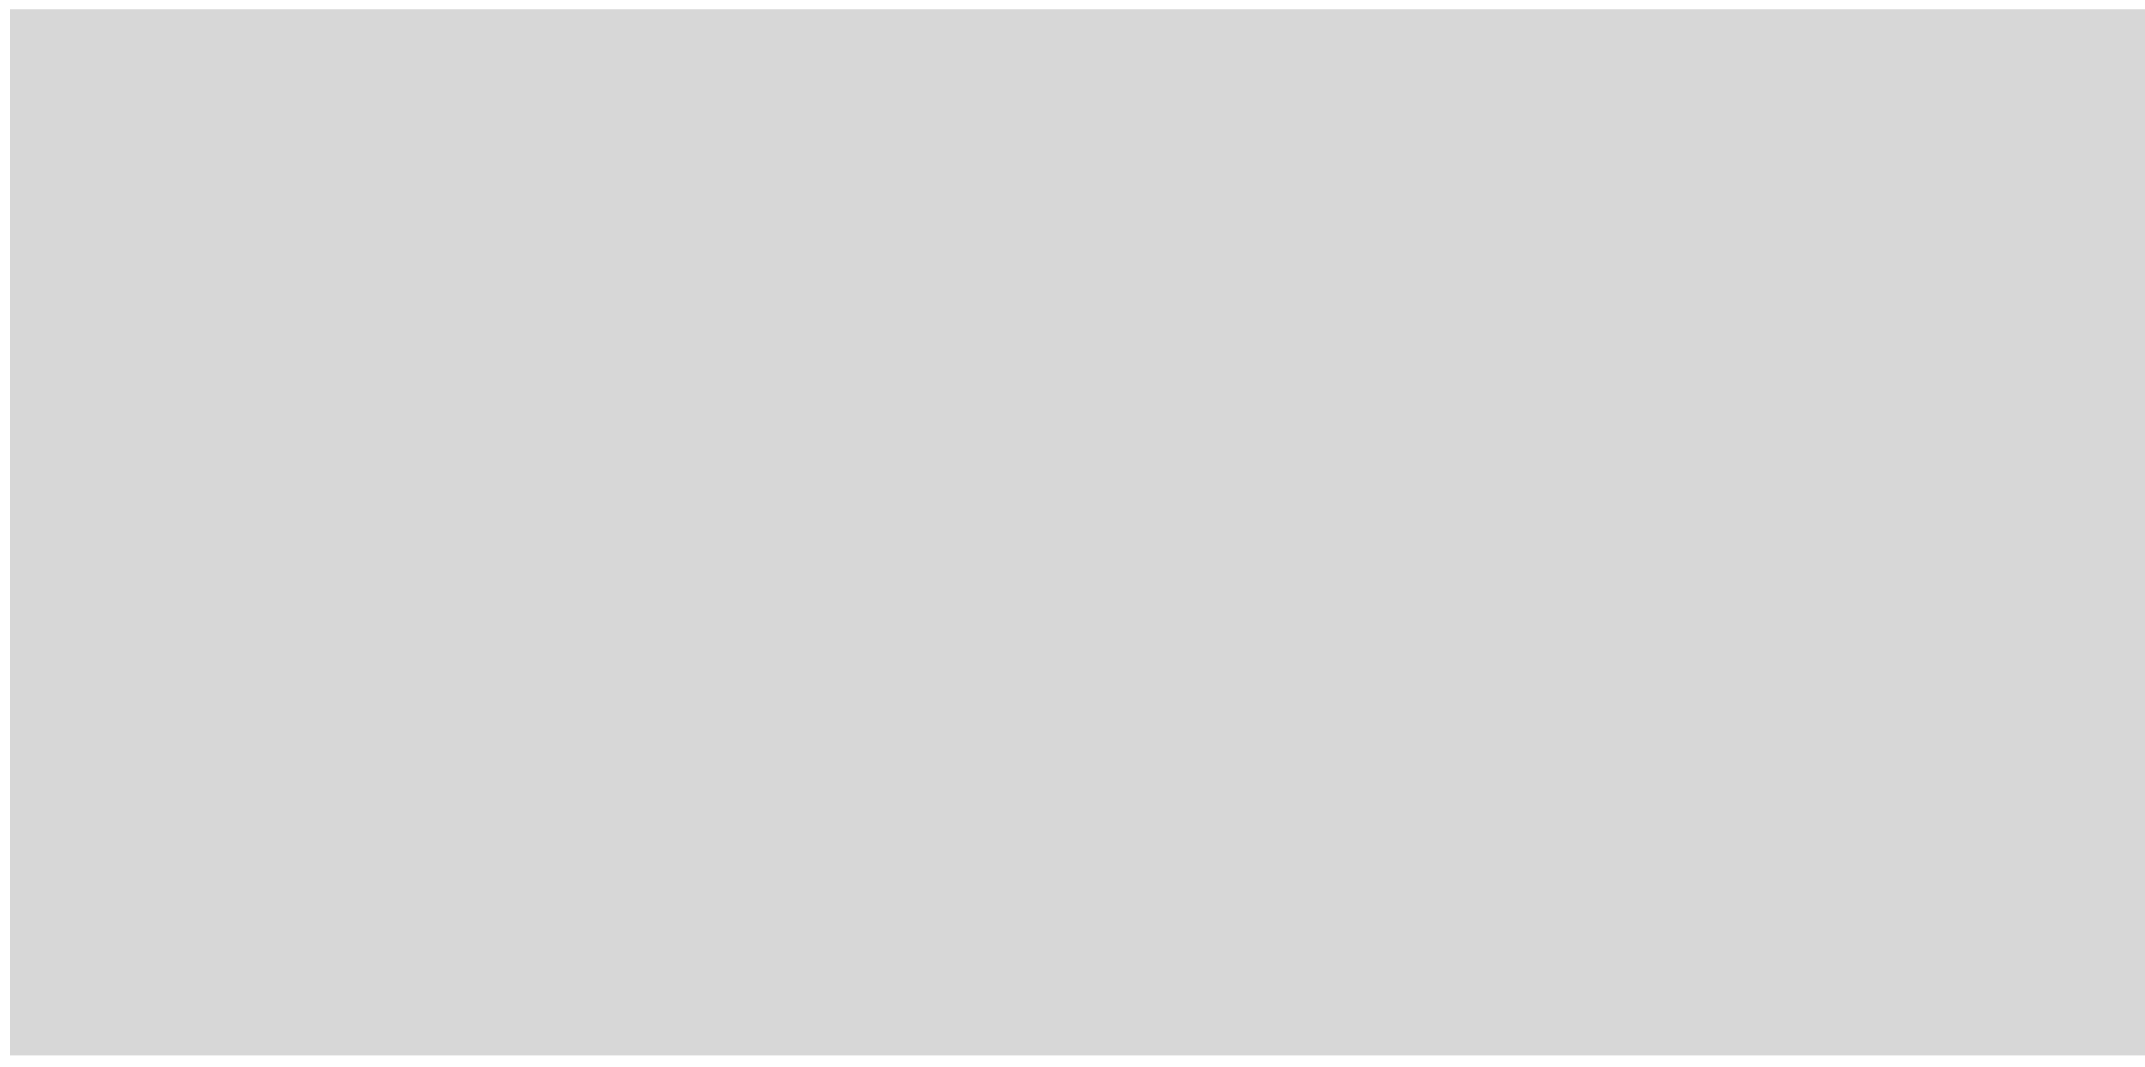

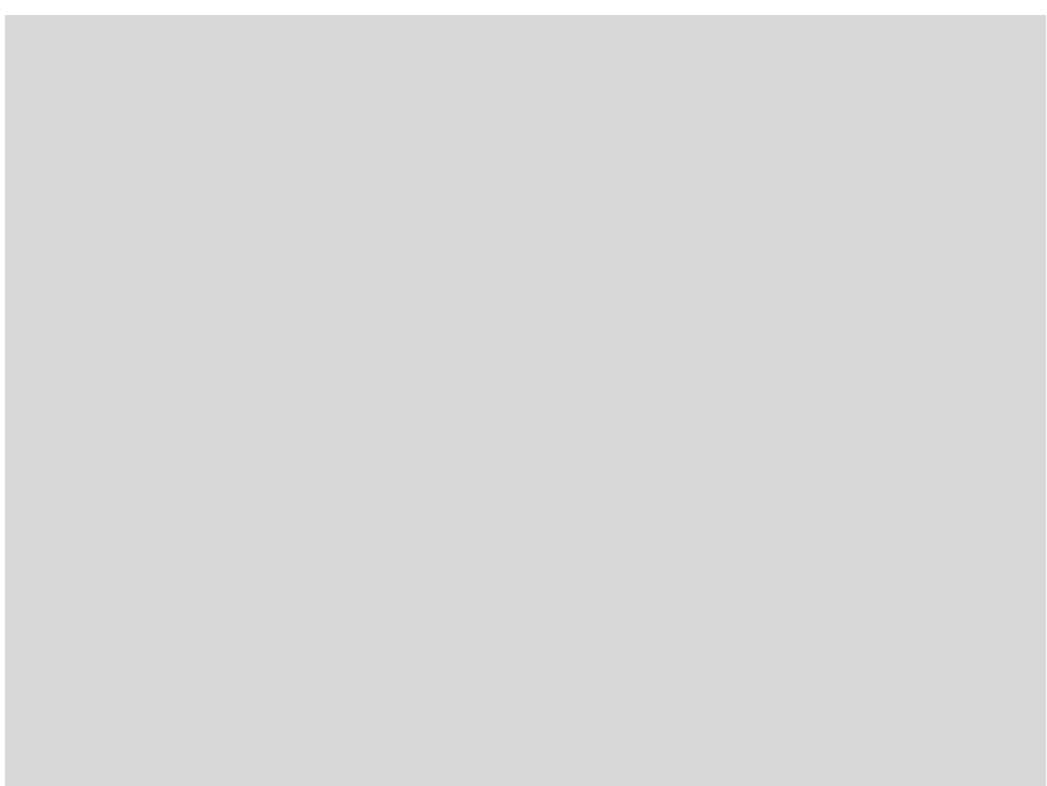

The structural engineering services will be performed using a two-phase Design/Build delivery approach. The Turner/PCL Joint Venture has been awarded the design/build contract to design and construct the Midfield Satellite Concourse, along with Corgan Architects in association with Gensler and gkkworks.

The current contract's components include: Part A (to 100% construction completion) totals 760,000 sq. ft. and 11 gates. Part B (to 30% design completion) is the southern extension with a total floor area of 460,000 sq. ft. and 10 new gates. Part C (to 100% design completion) is the northern gate extension with a total building area of 200,000 sq. ft. and two new gates. The proposed project will total over 1.4M square feet.
